## DAILY TIP

The Rottenloipe from Oberwald to Biel, the Sonnenloipe from Obergesteln to Geschinen and the Nachtloipe were groomed on Wednesday morning. The cross-country ski trails and winter hiking trails can be icy in places. The classic tracks could not be freshly groomed in many places due to the thin layer of snow. The trail condition is good on the Rottenloipe from Oberwald to Reckingen, the lower part and Sonnenloipe are skiable.
